This listing of claims will replace all prior versions, and listing, of claims in the application:

Listing of Claims:

1. (currently amended) A hand-held calculator comprising a processor, memory, and a medium storing software that causes the processor to perform the following steps:

    a. create a time management entry in a time management application;

    b. attach a link ~~file stored in the memory~~ to the time management entry; and

    c. display the link ~~file~~ on a display of the hand-held ~~computer device~~ calculator.

2. (Previously amended) The hand-held calculator of claim 1 wherein the time management entry is an appointment in the time management application.

3. (Previously amended) The hand-held calculator of claim 1 wherein the time management entry is a task in the time management application.

4. (Previously amended) The hand-held calculator of claim 3 wherein the time management application is a calendar, and wherein the task is listed in an assignments due list managed by the calendar time management application.

5. (Previously amended) The hand-held calculator of claim 4 wherein time periods in the calendar time management application are class periods.

6. (currently amended) The hand-held calculator of claim 1 wherein the attached

link's ~~file's~~ association with the time management entry is indicated with a graphical

icon in the application near the time management entry.

7. (currently amended) The hand-held calculator of claim 6 wherein a user is able to

activate the application associated with the attached link ~~file~~ and view the attached

link ~~file~~ by selecting the graphical icon.

8. (currently amended) A hand-held calculator comprising:

      a display;

      a processor;

      a memory coupled to the processor; and

      a storage medium coupled to the processor including a software program that,

upon execution:

            i. creates a time management entry in a time management application;

            ii. attaches a link ~~file stored in the memory~~ to the time management

entry; and

            iii. displays the link ~~file~~ on the display of the hand-held ~~computer device~~

calculator.

9. (Previously amended) The hand-held calculator of claim 8 wherein the time

management application is a calendar, and wherein the time management entry is

an appointment in the calendar time management application.

10. (Previously amended) The hand-held calculator of claim 8 wherein the time

management application is a calendar, and wherein the time management entry is a

task in the calendar time management application.

11. (Previously amended) The hand-held calculator of claim 10 wherein the task is

listed in an assignments due list managed by the calendar time management

application.

12. (Previously amended) The hand-held calculator of claim 11 wherein time

periods in the calendar time management application are class periods.

13. (currently amended) The hand-held calculator of claim 8 wherein the attached

link's ~~file's~~ association with the time management entry is indicated with a graphical

icon in the application near the time management entry.

14. (currently amended) The hand-held calculator of claim 8 wherein a user is able

to activate the application associated with the attached link ~~file~~ and view the attached

link ~~file~~ by selecting the graphical icon.
